

How To Update Collection_02

Yrr sabse simple rule yaad rakho:

🌀 Tum 90% Time Sirf Ek File Edit Karoge

Collection_02/js/data.js

Bas

Baaki files (app.js, search.js, theme.js, modal.js, style.css, index.html) ko abhi mat chhedna

Example 1: New Link Add Karna

Maan lo tum ChatGPT add karna chahte ho

Open:

```
{
  title: "Tools & Resources",
  icon: "🔧",

  links: [
    {
      name: "Emmet Cheat Sheet",
      url: "https://docs.emmet.io/cheat-sheet/"
    },
    {
      name: "Image Downloader",
      url: "https://www.toolsbug.com/images-downloader-online.php"
    }
  ],

  commands: [],
  notes: []
}
```

Add this inside links: []

```
{
  name: "ChatGPT",
  url: "https://chatgpt.com"
}
```

Final:

```
links: [

  {
    name: "Emmet Cheat Sheet",
    url: "https://docs.emmet.io/cheat-sheet/"
```

```
},  
  
{  
  name:"Image Downloader",  
  url:"https://www.toolsbug.com/images-downloader-online.php"  
},  
  
{  
  name:"ChatGPT",  
  url:"https://chatgpt.com"  
}  
  
]  
Save  
Done ☒
```

Example 2: New Section Add Karna
Maan lo AI Tools section banana hai

Open:

```
const sections = [  
  
  { ... },  
  
  { ... },  
  
  { ... }  
  
];
```

Last section ke baad add:

```
,  
{  
  title:"AI Tools",  
  icon:"🤖",  
  
  links:[  
  
    {  
      name:"ChatGPT",  
      url:"https://chatgpt.com"  
    },  
  
    {  
      name:"Gemini",  

```

```
url:"https://gemini.google.com"
```

```
}
```

```
],
```

```
commands:[,
```

```
notes:[
```

```
}
```

Save

Done ☒

New card automatically aa jayega

Example 3: New Git Command Add Karna

Open Git section:

```
commands:[
```

```
"git init",
```

```
"git add .",
```

```
"git push origin main"
```

```
]
```

Add:

```
"git status"
```

Final:

```
commands:[
```

```
"git init",
```

```
"git add .",
```

```
"git push origin main",
```

```
"git status"
```

```
]
```

Save

Done ☒

Example 4: Important Note Add Karna

Open:

notes:[

```
{  
  title:"How To Update Collection_02",  
  
  content:`...`  
}
```

]

Add:

,

```
{  
  title:"GitHub Upload Steps",
```

```
  content:`
```

```
git add ·
```

```
git commit -m "update"
```

```
git push
```

```
·
```

```
}
```

Save·

Done 

Modal me note dikhega·

Example 5: Quick Access Top Me Add Karna

Sabse top me:

```
const quickAccess = [
```

Maan lo YouTube add karna hai·

```
{  
  name:"YouTube",  
  url:"https://youtube.com"  
}
```

Final:

```
const quickAccess = [
```

```
{  
  name:"GitHub Profile",  
  url:"..."
```

```
},
```

```
{
```

```
name:"YouTube",  
url:"https://youtube.com"  
}
```

];

Save

Done
